EDUCATION

Chandigarh University

B.E. Computer Science

2020 – 2024

Current CGPA: 7.90/10.0

EXPERIENCE

CrudStudio - Gurugram | *Mern-Stack Developer* (June. 2023 – Present)

Project: Jugadu Fauji ([JugaduFaujiwebsite](#))

- User can explore a wide area of SSB-focused merchandise, including study guides and specialized gear, to enhance candidates' preparation efforts effectively.
- Access expert-led video lectures covering SSB interview essentials, offering invaluable insights and strategies for candidates' success and continuous improvement using **ReactJs and NodeJs**.

PROJECTS

Prestige Picks | *Enhance user experience, improve security, and streamline the shopping process.*

Dec. 2023

- An E-Commerce website with various functionalities such as **JWT authentication, Password Recovery, Searching, Filtration**, and so on.
- **Security Focus:** Employed HTML, CSS, ReactJs, NodeJs, and MongoDB to create a robust and secure environment.

The Freaks | *Dynamic platform: Gym promotion, health news, fitness content integration.*

June. 2023

- A full stack website, for highlighting the facility of a gym as well as keeping updated with the health news and fitness. Enthusiasts can reach the owner as well as choose his/her mentor.
- website aims to be a comprehensive and user-friendly resource that promotes the gym's facilities, provides valuable health and fitness content, and facilitates meaningful interactions within the fitness community Using **HTML, CSS, ReactJs, NodeJs, MongoDB, and ExpressJs**

Note It | *Collaborative note-sharing: Authenticity through user-specific login IDs.*

Aug. 2022

- A Platform for users to write and share notes on any specific topic. Each user has a login ID, ensuring authenticity for collaborative note-taking using **HTML, CSS, ReactJs, NodeJs, ExpressJs and MongoDB to create a collaborative website.**

SKILLS

C++, C, Competitive Programming, Data Structures and Algorithms, OOPS, DBMS, MYSQL, Operating System, Computer Networks, HTML, CSS, Javascript, ReactJs, MongoDB, ExpressJS, NodeJs, Git, Github

LEADERSHIP AND ACHIEVEMENTS

Geeks for Geeks: *Earned 900+ points + 300+ questions.*
